

Eclectic equipment show in March

AN exhibition of equipment - from bulldozers to bakkies, warehousing to DIY - is being planned for March 26-28 on the sportsfields of Hottentots Holland High School in Somerset West.

Equipex '09 is being organised by local company Cadek Media, which was responsible for events including the Bienen Donne Agricultural Expo, the Stellenbosch Wine Festival and the Cape Country Picnic Festival.

According to company owner Chris de Klerk, the sportsfields offer great visibility to passing traffic on the N2.

The expo will be open from 09:00 to 17:00 daily.

De Klerk says visitors to the event can expect to see equipment for construction to marine, earthmoving to material processors and even smaller equipment for the handyman. It will include a lifestyle equipment centre and is open to both trade and the public.

For information, contact Chris de Klerk on (021) 855-4750.
