

the Hidden Valley experience!

Hidden Valley Wines is a holistic lifestyle brand, catering for all venue-related aspects for the big day. The estate is positioned atop the slopes of the Helderberg, with panoramic views of vineyards and mountains. Photographic opportunities are many, including a spectacular indigenous garden trail, a tree-flanked dam, vineyards and olive groves, a gorgeous barrel cellar, a unique hand-hewn stone wall, and sweeping views from the tasting room.

The menu for the day is created by award-winning master chef Bertus Basson, and prepared in the **Overture restaurant**; an Eat Out Top Ten winner and one of only five American Express Platinum-rated restaurants. Bertus specialises in fresh, creative gourmet fare that he makes from fresh local produce wherever possible.
